 Dynamic Neural Retraining System at The Crossing at Ghost River

October 05 – October 09, 2020

DNRS 5-Day Neural Rehabilitation Program

Retrain The Brain, Transform Your Health, Reclaim your Life

The Dynamic Neural Retraining System™ is a drug-free, step-by-step, intensive limbic rehabilitation program that is taught from a platform of environmental awareness. Techniques used in the Dynamic Neural Retraining System™ are based on neuroplasticity therapy, which rewires the limbic system to build more functional neural pathways.

For more information about this highly successful 5-Day intensive workshop, please visit: www.retrainingthebrain.com
